

CT/CTD570

Wet, Dry and Extraction Vacuum

Numatic

The CleanTec 570 provides powerful cleaning results with tough construction, huge capacity and long-life TwinFlo bypass motors which is easy to store, always on hand and ready for anything.

The heavy-duty Structofoam construction in both head and body is rugged yet light in weight, and our tank within a tank design is simple, clean and efficient providing an easy to fill and quick to change system.

The power head incorporates the high performance TwinFlo bypass motor and the PowerFlo pump system which injects the cleaning solution deep into the carpets in a continuous deep cleaning cycle.

Our tank within a tank design is simple, clean and efficient providing an easy to fill and quick to change system.
