

PPH320

Advanced HEPA Filtration

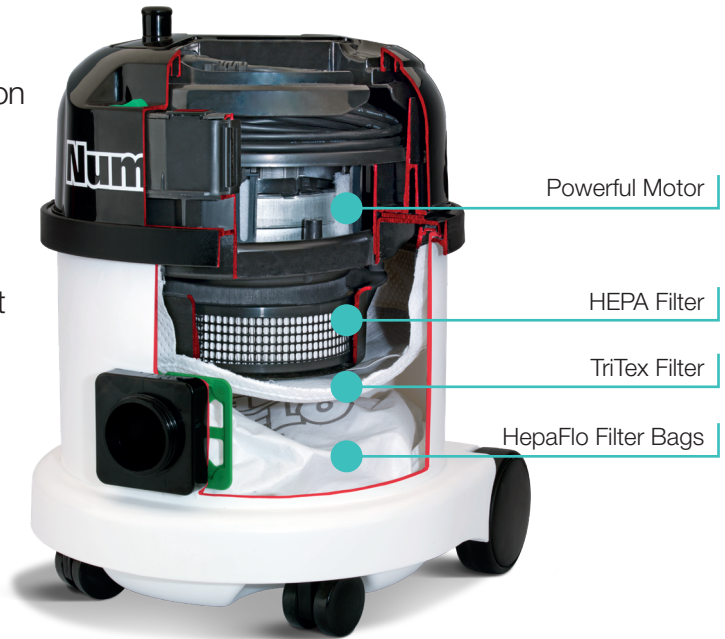

Numatic

Compact design providing professional specification and high-filtration with HEPA H13 MicroFilter and all-steel motor power head construction.

Engineered advanced features provide exceptional filtration with HEPA H13 MicroFilter – achieving 99.95% standard, down to 0.3 micron particle size.

The PPH320 provides powerful cleaning, now with the unique NuCable plugged cable rewind system, allowing simple cable replacement if needed. HepaFlo filtration not only raises performance standards but provides for clean and convenient emptying when full.

A tool for every job, always on hand and packs neatly away, with professional and versatile AS0 accessory kit.

Advanced Filtration

High-efficiency HEPA13 MicroFilter module.

Powerful Cleaning

High-performance cleaning with powerful, long-life motor.

More Cleaning Productivity

Huge 12L capacity, less time emptying, more time cleaning.

Easy, Clean & Hygienic Emptying

Engineered to clean, trap and retain fine dust during both vacuuming and emptying.

A Tool For Every Job

Professional and versatile AS0 accessory kit and Stainless Steel tube set.

Kit AS0

Plugged Cable System

H13 HEPA Filtration Module (EN1822)
